Ontime

Ontime Specialist Automotive Services

let'smoveit

We operate:

- Europe-wide scheduled new car deliveries in enclosed transporters to the dealers of many of the world's prestige motor manufacturers
- A Europe-wide ad hoc rapid response movement service for all forms of prototype vehicles, from clay models to engineering and design concept cars
- The creation and implementation of bespoke factory-to-dealership/customer new car delivery solutions, including managed vehicle storage
- Multiple vehicle deliveries in either open or covered transporters throughout Europe and the UK for all motor manufacturers
- Individual fleet vehicle movements

let'sprepit

At our state-of-the-art Midlands-based specialist preparation centre we employ the latest, most cost effective technologies for:

- Carrying out new vehicle pre-delivery inspections
- The refurbishment of used vehicles
- Specialised vehicle enhancements
- The management of company and employee vehicle schemes

let'sshowit

Through our range of highly specialised workshops and bodyshops, we offer a comprehensive events service that includes:

- The preparation of cutaways, bucks etc for motor shows and market research clinics
 - The application of Peelcoat paint to new cars
- NB All such work is carried out in strict, security-controlled conditions*
